

District line

60 minutes

From the car park walk straight across road between the cottages and follow until you reach a gate (sometimes there are cattle in this field). Turn left through this gate keeping to the left.

You will come to a style. Over the style onto the Schillers Lane Turn left and 15 yards there is a gate into 9 acres. From here look up hill and walk with hedgerow on your right. You will eventually see three copper beech trees alone on the top of the hill. From there look down to the hedgerow and with The Manor on your left turn to your right and continue to the corner of this field you can see Corton Denham church in the distance.

At the double styles pass over and cross the stream. (one can extend this walk a little and cross over the stream further down towards Staffords Green) either way cross the steam and turn left and continue over 3 styles keeping the wood on your left. You will come out below the church turn left and walk back through the village stopping at the Church or Manor open on a Sunday and Monday 10-3p.m.
